Description

This CDI is most commonly used on 150cc, 200cc and 250cc GY6 format ATVs, dirt bikes, scooters, buggies, go karts as well as other powersports and mobility machines. Also a common direct replacement for larger displacement ATVs and UTVs such as the Dinli Centhor 700cc ATV. This is a performance CDI made in Taiwan at the same specialty factory as our Polaris Rhino performance CDIs (10U5010). Providing better timing, a stronger spark and overall increase in engine performance. 1x2pin connector(white) + 1x4pin connector(white). Casing is L-9.1cm x W-5.5cm x H-2.2cm. Stronger spark, more consistent timing, reduce electrical and engine wear.
