Max range	40 miles(60km)
Recommended Height	5.4" to 6.2"
Recommended Weight	264 lbs (120 kg)

RELIABLE YET POWERFUL

At GIO Electric, we value reliability over power. GIO Electric Bikes are rigorously tested under different real life environments so they are less likely to fail. Travel on rainy urban roads or rough outdoor paths with peace of mind.

AFFORDABLE YET VERSATILE

GIO Electric Bikes are priced at a very affordable price (below 2000 USD) compared to others on the market. Yet they have many premium features in common with high end e-bikes, such as, hydraulic brakes, Shimano Alivio 8 speed derailleur, suspension fork, adjustable stem, and many more.

ZERO CARBON EMISSION. TOTALLY GREEN.

GIO Electric Bikes are 100% electric. Leave your car at home, and enjoy the smooth ride and silent operation. When you ride a GIO Electric Bike you are leaving zero carbon footprint. The planet will thank you!

EASY ASSEMBLY. DEDICATED CUSTOMER SUPPORT.

GIO Electric Bikes come 95% pre-assembled. Our in-depth illustrated instruction manuals make assembly a breeze. And if you need extra help, our live customer support line is one click away.

This Electric Scooter is shipped 90% assembled, some assembly is required.

This Electric Scooter requires but is not limited to:

- Battery Connection
- Wheel Assembly
- Body Part Assembly

Customers are encouraged to call prior to placing their orders for assembly-related questions.
